Things to Know

The points listed below are key conditions of the plan. Please ask your Precise Protect adviser for the full list of exclusions and conditions.

- You cannot make a claim within the first 14 days of the policy start date.
- Instant acceptance is under the terms of a 'moratorium' where any existing or pre-existing physical defect, infirmity or medical condition will not be covered except if there has been no need for a medical consultation or treatment for 24 consecutive months prior to policy start date. Any medical condition that has been excluded at the policy start date can become covered once you complete 24 consecutive months without the necessity of medical consultation or treatment for this condition.
- While the policy covers track, field and motorsports activities, like all policies, certain hazardous pursuits are not covered. Please refer to the policy wording.
